

Isles Online Court Reservation System – User Documentation

When you first access the court reservation system at <https://isles.reservethecourt.com>, you will be prompted to log in with the user ID and **case-sensitive** password that you have been given. Your user ID is not case-sensitive, and it cannot be changed. It will be the first two letters of your street name, followed by your house number. So for 5901 Benevento, the user ID would be BE5901. The initial password is “courts”. We encourage you to change your password after you first log in to the system. Please do not share your system credentials with anyone else.

Isles Online Court Reservation System – User Documentation

After you enter your correct user ID and password, you will be presented with the **court scheduling screen** for today. You can make a reservation two full weeks in advance. The scheduling window of 14 days will advance each day at 12:00 pm ET (noon). Time slots that are in the past will appear in dark green. Please pay attention to the message board on the top of the screen, as important information may appear there that could impact your reservation plans.

For the four tennis courts only: the system will enforce the traditional fixed time blocks that have always been in effect at the Isles. You can see the color coding below that designate those blocks.

Courts 1-4: reservations spanning color-coded time blocks are NOT allowed.

To cancel a reservation, check the box under the reservation name, and click Submit

To **make a court reservation**, you can select up to three consecutive checkboxes designating the time range you wish to reserve the court for. Any more than three boxes checked will be ignored, due to the 90-minute reservation limit. You must reserve for at least one hour - a single box checked will result in an error message. You can click just the first and last boxes of your reservation timeframe. When your time frame has been selected, click Submit.

To **delete a court reservation**, you will see a single checkbox in the first cell for your reservation. Click that checkbox and then Submit. **If you will not need a court you have reserved, you are strongly encouraged to log in and cancel your reservation, as this will free the court up for other users.**

A user cannot reserve more than one court with a start time within 90 minutes backwards or forwards. This is to restrict back-to-back court reservations.

You can adjust the **starting time for the scheduling window** for any day you are viewing. This only changes your current view of the reservation screen.

Waiting List Feature

If all courts for the specific day/time you want are already booked, you can put yourself on the **court waiting list** for that day. This is a first-come, first serve list. The 14-day advance booking rule applies to the waiting list as well. Multiple/duplicate waiting list entries will be ignored.

- Since you cannot have more than one court reserved at a time, do not put in a waiting list request for a time slot during which you already have a reservation.
- Make sure that you have email and/or text messages enabled in the Member Info Update screen, so that you can receive all system notifications.
- After any court cancellation, the system will evaluate whether your waiting list request can be filled by any open court.
- If yes, your court reservation will be automatically booked and you will receive email and/or text confirmation of your new reservation.
- If you don't want or need this reservation, **PLEASE CANCEL IT**. Thank you.

Any time a court cancellation takes place, the system reviews any waiting list requests for that day and determines if any requests can be accommodated. If there is a court cancellation that frees up a court at a time that matches your waiting list request, the court will instantly be booked in your name, and you will receive an email and/or text message notification if you have enabled this feature. Consideration of waiting list requests is on a first-come, first-serve basis. Make sure your email and/or text message info is correct in the system so you can receive these notification messages.

If you know that there is a specific time by which you need to know whether you can get a court or not, please indicate that in the **“Date/time after which to disregard waiting list request”** boxes. For example, on Tuesday, I put myself on the waiting list for Thursday evening. However the people I am playing with need to know by Wednesday at 6PM whether it is a go or not – otherwise they are making other plans. Please use this feature when applicable so that we can accommodate as many members’ requests as possible.

Please cancel waiting list requests when you know you no longer need to be considered for a court opening.
